

# WIS KIDS AFTERCARE

## WHAT LUNCH WILL LOOK LIKE

Food will be ordered and delivered to the after school. It will consist of a healthy meal and parents will receive the menu for each week via email or Whatsapp.

Orders will be based upon pre-registered attendance days.

## WHAT LEARNING STATIONS WILL LOOK LIKE

Learning will be set up each day to foster a fun learning environment filled with well-thought-out, active, and age-appropriate activities to keep children engaged and happy.

## PLAYTIME

Playing is very important for the development of a child. We will have a program that makes sure children develop all their motor skills like balancing, crossing the midline, hand and eye coordination and sensory play. For the older students, homework and active play will be balanced.
